#### SOUTH CHINA v. H.K. POLICE.

Owing to the H.K. Club v. Kowloon Shield game being postponed, the game between the above teams in the opening round of the Senior Competition was played on the Club ground before a crowd which equalled any previously seen at a football match in the Colony. The game was very evenly contested until the closing minutes when the Police were on top. The South China team set the Police to face the sun in the opening half. Chan So partnered Lai Yuk Tat at back while Ng Kam Chuen went up on the wing. Wong Shiu Wa was absent from the team, Ko Sik Wai completing the side.

The Police had Hudson, the Navy centre half, assisting them. Each side paid visits to their opponents' goal but Clarke was the first keeper to be called upon. He saved from Leung Wing Tak. The respective left wings were dangerous, the South China man sending over some well-timed centres, while Randle gave his inside men some good chances. Cornwall tested Lau Hing Cheung but the goalie cleared easily. Free-kicks against Simpson and Johnson gave the South China team no advantage for Hudson was always in the right position and cleared. Following a free kick for hands against Harle, South China forced Wynne to kick behind but the flag kick was cleared. Johnson almost got home with a shot, but Lau just cleared from the foot of the upright. Wynne was forced to give away another corner. Britain clearing the flag kick. The Police then forced a corner but Cornwall sent behind. Randle was sent down the wing and Johnson receiving from his centre, sent over the top. A scramble on the Police goal line looked dangerous but Jessop got the ball away. Later Suen Kam Shun beat the backs and with only Clarke to beat sent in a screw which Clarke managed to reach but fell on top of the ball with three South China forwards trying to get the ball into the net. A free kick for impeding relieved. A little later the Police forced a fruitless corner just as the whistle sounded for the interval with the score sheet blank.

From the re-start, South China had the better of the exchange but free kicks against Suen for hands, and Wong for tripping Hudson, relieved the pressure. After Simpson had run the ball behind, Ko Sik Wai got away on South China's right but his shot landed on top of the net. Harle headed up from a centre by Chan Kwong Lu and Suen running in shot wide. The Police then got going and Johnson pushed forward for Simpson who went on and sent the ball into the net with a low drive, Lau diving too late to intercept the ball.

With this success, the Police played up strongly while South China showed a falling off. A free kick given against Britain sent South China in and Wong tested Clarke. Chan had a couple of trips down the wing but ended up by sending the ball behind. Wong Pak Chong was hereabout a passenger, limping badly. Lau Hing Cheung turned a shot from Cornwall round the post. Following the flag kick the ball kept dangerously near the South China goal but Jessop relieved by shooting wide. Clarke put his goal in danger when he carried while clearing a shot from Ng Kam Chuen, but the ball was sent over the bar from the free kick. With the Police pressing the final whistle sounded with the score, Police, 1; South China, 0. Police—A. E. Clarke; Wynne and Harle; Brittain, Hudson and Jessop; Cornwall, Oram, Johnson, Simpson and Randle.

South China—Lau Hing Cheung; Lai Yuk Tat and Chan So; Ko Sik Wai; Lam Yuk Ying and Leung Yuk Tong; Ng Kam Chuen, Leung Wing Tak, Wong Pak Chong, Suen Kam Shun and Chan Kwong Lu. Referee: Mr. Atkinson.

#### EAST SURREYS v. "TAMAR"

Played on the Garrison ground at Sookunpoo before a good number of Seaside men. The sailors put up a good show while the East Surreys could do everything but score until the last five minutes of the game. Being then a goal down they put on two in quick succession.

The Tamar had several new men out but missed the services of Waviah who has played in goal for the depot ship regularly during the last three seasons. He left the Colony on Friday last for home. During the game Mitchell kept the Surrey centre half and Interport player had to leave the field with a slight concussion through jumping to head the ball at the same time as one of the Tamar players Mitchell getting the worst of the deal.

The game ended in a win for the Surreys by two goals to one. The East Surreys fully deserve their win but the Tamar are to be complimented in the way they kept the Surreys out.

PRESENTATION OF PRIZES AT FANLING.

MRS. LEWIS SECURES TWO CUPS.

There was a gay gathering at the Ladies' Club House, Fanling, on Saturday, when the successful competitors in recent competitions of the Royal Hongkong Golf Club (Ladies' Section) were presented with prizes.

The distribution of prizes was made by Lady Clementi, who was accompanied by Capt. Steele (A.D.C. to H.E. the Governor). Others present were the Colonial Secretary, the Hon. Mr. E. R. Hallifax, C.M.G., C.B.E. (President of the Royal Hongkong Golf Club), Mr. W. W. Hornell, C.I.E., Vice-Chancellor of the Hongkong University, Mr. and Mrs. Winslow, and Dr. J. L. Shellshear (who umpired in the competition for the championship).

Prior to the distribution of prizes, tea was served. The tables were nicely decorated with flowers from the Club-house garden.

Lady Clementi in making the presentations congratulated the winners on their success and said that she was always glad to go to Fanling, because it was so very beautiful.

#### THE PRIZE WINNERS.

The prize winners were:—

Mrs. Walter Lang, the hon. secretary of the Ladies' Section, announced the prize winners.

The Hon. Mr. E. R. Hallifax also congratulated the winners, and complimented the Ladies' Section of the Club on its progress, and the members for their love of the game.

Mrs. E. B. Reed, the Captain of the Club, also spoke, and at the conclusion of the prize distribution, presented Lady Clementi with a bouquet of sweet peas.

#### SATURDAY'S MARATHON.

"HAWKINS" WINS "TITANIA" CUP.

The Royal Naval marathon race at Kowloon on Saturday afternoon proved a very interesting event, and there was a very good attendance of officers and men of the China Squadron present on the United Services Recreation Club ground to witness the start and finish of what proved to be an excellent race.

The marathon was run for the Titania Cup, and the race was confined to teams of twelve. The first six members of a team in counted; while the first four competitors to finish received individual prizes.

Eleven teams entered, these being from H.M.S. *Hawkins*, H.M.S. *Ambrose* and attached Submarines, H.M.S. *Vindictive*, H.M.S. *Durban*, H.M.S. *Despatch*, H.M.S. *Magnolia*, H.M.S. *Marston*, H.M.S. *Hollyhock*, H.M.S. *Iroquois*, H.M.S. *Tamar* and H.M.S. *Titania*.

The race was started at five minutes past four and three-quarters of an hour was allowed for finishing the distance of five miles.

The route taken by the competitors from the U.S.B.C. ground was via Chatham Road, Woo Hoo Street, turning up by the Kowloon Dock into Tak Hoo Street, and from there taking the arterial road to Ma Tau village from where a turn to the left was made, the runners proceeding under the railway bridge into Coronation Road, past the Mongkok Police Station and into Gascogne Road, finishing at the U.S.B.C. ground.

The race was a very good one and few of those who finished appeared to show signs of distress.

It is interesting to note that out of the 133 competitors, 103 completed the course.

Sub-Lieut. Newham, of H.M.S. *Hawkins*, was the first competitor to complete the course, having run the distance in 30 minutes 11 seconds. He finished very fresh and was not at all unduly fatigued or distressed. He was closely followed by Leading Seaman Hobden, of H.M.S. *Despatch*, who finished only a few seconds later.

The distance between the second and third competitor was only a matter of thirty yards, the third man in being Midshipman Freer, of H.M.S. *Hawkins*; while Petty Officer Tilbury, of H.M.S. *Titania*, came in an easy fourth. There was not more than half-minute between the first and fourth competitor finishing.

WINNING TEAM.  
The first six men in the winning team (H.M.S. *Hawkins*) finished in the following order:—1st, 3; 2nd, 5; 3rd, 6; 4th, 7; 5th, 8; 6th, 11. The winners scored 40 points.

##### TRIANGULAR INTERPORT PROSPECTS.

The prospects for the coming season are very rosy at Shanghai, and a Northern contemporary says it is quite possible that another Interport contest, may be a triangular one, will be staged in Shanghai this year. Mr. D. M. Graham, Captain of the Club, on his return from Home recently passed through Hongkong and found that the local Yacht Club were quite keen on having another fling at Shanghai. If a contest is arranged, it is hoped that Tientsin, will likewise take part in it.

**SATURDAY'S TAI YAT CUP EVENT.**

Good conditions favoured the race for the Tai Yat Cup on Saturday, there being a sufficiency of wind, particularly in the afternoon, and a good race was sailed. This race is an annual event for the winning boats in each of the racing classes for a cup presented to the Club by the Royal Singapore Yacht Club in 1922.

The course was to Lyemun, Beacon, Kowloon Rock, Mark on Club line, Kowloon Rock and Lyemun Beacon, with the start and finish at the Yacht Club. The distance was twelve and a half miles.

The Handicap boats early got a lead but the smaller boats sailed a very good race. They were excellently handicapped and fought a good contest all through.

At the Club mark the positions were: Diana, La Linda, Dolphin, Joan, Boojum, Blue nose, Gail, and Why Wonder! At the finish there was little difference in this order and on handicap Joan won by a very narrow margin, Boojum being second and Dolphin third.

**YESTERDAY'S CRUISER RACE.**

"COQUETTE" and "NORSEMAN" THE FOR CHAMPIONSHIP.

What should have been the last of the races for the cruiser championship was sailed yesterday, but the result was that Coquette and Norseman aggregated the same number of points and will have to sail a final race at some future date. It was anticipated that the Coquette would manage to secure the trophy but in yesterday's race, she only took fifth place, whereas the Norseman secured second place, and thus eliminated the three points advantage which the Coquette had secured during previous races.

**HAPPY VALLEY BLAZE.**

**AGED EUROPEAN LADY'S ORDEAL.**

On Saturday morning, a fire broke out at No. 1, Leighton Road, Happy Valley, the residence of Mrs. M. Bevan, an aged European resident, who had a narrow escape from being burnt to death.

Mrs. Bevan occupied the floor on the second storey, immediately above the workshop of the undertaking business of Messrs. Brown, Jones & Co. The old lady managed to get to the foot of the stairway, whence she was carried into a neighbour's house.

The outbreak occurred at about 6 a.m. and the first alarm was given by a policeman on duty in the locality. The Central Fire Brigade, supplemented by the Wan-chai and Kennedy Town equipments, arrived to find the whole building ablaze. The fire was, however, extinguished within an hour.

Two back rooms, the kitchen and the bathroom, were completely gutted. The front rooms had their contents damaged by water. Much of the personal effects of Mrs. Bevan were also destroyed. She had anticipated moving soon to the residence of her son in Hongkong, and had packed up a great deal of her belongings. The contents of the first floor were also damaged by water.

The fire is thought to have started in the kitchen. It was fortunate that the firemen succeeded in confining the blaze to the upper floors.

The course yesterday was to Datum Rock, Stonecutter's Island, Mark on Line, return to Channel Rocks, and finish at the Club, a distance of 24 miles.

It was a keen race. At the start, the wind was about force 3, but rather fluky down

CANTON EMBARGO  
RAISED.THE GOVERNMENT'S  
NOTIFICATION.GENERAL CHIANG KAI SHEK AND  
THE STRIKERS.

[FROM OUR CHINESE CORRESPONDENT.]

On the afternoon of February 28th, the Ministry of Finance in Canton issued a notification to the public respecting the prerogatives of the Chinese Maritime Customs to inspect incoming and to pass outgoing cargo, and the Customs Administration resumed its regular functions at noon of the 28th, after a suspension since the 23rd as a protest against interference with cargo by pickets of the Strike Committee.

The incident was brought to an end by the Kuomintang Government instructing the strike pickets to return the 13 junks and the cargo they had recently seized and to stop further loitering about the Customs premises on the Bund and assuring the Customs Commissioner that the pickets would be better controlled in the future.

The action of the Customs authorities has not only tamed the strikers somewhat but also indirectly caused the Kuomintang in Canton to alter its policy towards the workers.

A well-founded report says that as a protest against the *imperium in imperio* constituted by workers in Canton and vicinity, General Chiang Kai Shek will soon resign as Garrison Commissioner of Canton. He is reported to have said that no one could really control the Canton situation so long as there exists an organized body of men who can defy the constituted authorities. While supporting the strike and boycott in principle, General Chiang is said to be disgusted with the way Mr. Wang Ching Wei, Soong Tze Ven, Chan Kung Pok and other Kuomintang leaders have been hacking the strikers. General Chiang is said to be calling for an early termination of the "anti-imperialist" boycott, and it is stated that Mr. Soong Tze Ven, Kuomintang Minister of Finance, is to be sent to Hongkong to re-open negotiation with the authorities there. On the other hand, it is said that Mr. Soong's trip will be partly in connection with the return of his sister, Mrs. Sun Yat Sen to Shanghai, within a day or two, by way of Hongkong.

A "BOYCOTT PICKET INCIDENT."  
WHERE DID THE SQUEEZE GO?

[FROM OUR CHINESE CORRESPONDENT.]

The ways of the boycott pickets in Canton are well illustrated by the case of the Chong Yee Chan Firm (which is vainly seeking the return of cargo seized by the pickets). It is stated by Chong Yee Chan that in March, 1923, with a special permit from the Canton Government of that time, he ordered 2,950 cases of kerosene oil from America, that on the arrival of the goods recently, (the sale of oil having become in the meantime a Kuomintang monopoly) a gift of \$11,600 had to be made to the Kuomintang to ensure the landing of the oil without further interference. When however the oil reached Canton harbour, it was seized by the Strike Committee's pickets and declared forfeited as "imperialist" goods. The firm is now appealing to the Kuomintang for assistance, but the Government, so far, has taken no action for the release of the goods.

There is another version of the story. It is suggested that the \$11,500 paid did not go into the coffers of the Government but into private pockets, and that therefore the Kuomintang could not do much with the Strike Committee.

The oil, according to the present price in Canton under the Kuomintang monopoly, is worth \$38,575, the Government having fixed a rate of \$12.50 a case.

"LUNGSHAN'S" TRIP TO  
CANTON.

## A SATISFACTORY JOURNEY.

RETURNS WITH MANY  
PASSENGERS AND CARGO.

The *a.s. Lung Shan* (owned by the Hongkong, Canton and Macao Steamboat Company) which resumed her run to Canton on Saturday after the re-opening of that port, returned to Hongkong yesterday.

The trip was extremely satisfactory from every point of view, the steamer bringing back, in addition to many passengers, a fairly good consignment of poultry and vegetables for Hongkong.

Nothing untoward occurred either during the trip up to Canton or while the *Lung Shan* was at her mooring buoy there during Saturday night. As a matter of fact her arrival so soon after the re-opening of the port seemed to be somewhat unexpected. In any case there was not the slightest attempt at interference on the part of the strike pickets, and passengers were allowed to disembark by sampans or motor-boats without any molestation whatever.

THREE CHINESE BURNT TO  
DEATH.A FOURTH VICTIM JUMPS FROM  
VERANDAH.

## FIRE IN THE WESTERN DISTRICT.

A disastrous fire occurred in the Kwai Wah Lane, off Cleverley Street (near the Western Market), early yesterday morning, when four Chinese, three men and one woman lost their lives. Three of them the woman and two of the men perished in the flames. The other man, was found dead in the street. He had jumped from the verandah of the top floor in an effort to escape. He must have been killed instantaneously.

The affected houses which were three-storied were Nos. 9 and 10, occupying an area of a little over a thousand square feet. The two buildings, which were let out as tenement dwellings, adjoined each other, and communication could be made between the one and the other, excepting in the case of the ground floors, which were separated by a wall. Access to the upper floor was by way of a narrow common staircase.

The ground floor of No. 10 was unoccupied, whilst that of No. 9 was kept as a toy and hardware shop. These ground floors were the only ones which escaped the fire, all the floors above being practically gutted.

## TERRIFYING EXPERIENCES.

As is usual with Chinese tenement houses, the floors were occupied by a good many people, and considering the apparent sudden outbreak of the conflagration, and the fact that the occupants were in their beds fast asleep—it occurred about 3 a.m.—it is surprising that any of the people escaped. There was only the one stairway by which the terrified occupants could reach safety. Nor could a hurried exit be made owing to the extreme narrowness of this stairway.

The people were surprised in their beds, and neighbours are said to have been aroused by terrifying screams. It is not known, exactly when, and how the fire started, but it is postulated that once begun, it spread rapidly owing to the fact that wooden structure predominated in both houses. It is also probable that the fire began on one of the first floors, and so, before they were aware of it, the unfortunate occupants of the top floor were surrounded with flames. Their stark terror on being so rudely awakened, can be easier visualized than described.

## THE FIRE BRIGADE.

A call was received by the Central Fire Brigade from the Jervois Street fire alarm at 3.13 a.m. and all the appliances this side of the harbour were hurried to the scene. On arrival the houses were well alight, and danger was threatened to all the surrounding houses, and particularly to the rear parts of 289 and 291 Queen's Road West.

The battered corpse of the man who had jumped from the verandah was taken at once to the Mortuary. The firemen had a difficult task to accomplish, particularly as the lane was only about six feet wide, and consequently there was scarcely room to manipulate the pumps and hoses. For about an hour frantic efforts were made to restrict the fire to the two houses in the lane, since the flames were shooting out, and contacting with the rear of the premises of Queen's Road West. The firemen's work proved effective, and fortunately so, otherwise the conflagration would have been immensely disastrous.

The dangerous portion of the fire was put out in an hour, but for some time afterwards the debris continued to smoulder.

## THE GRUESOME DISCOVERY.

In the debris on the top floor the bodies of the three victims were found. They had been buried under a mass of flaming wood. The bodies were so charred, that only when they had been taken to the Mortuary they were ascertained to be those of two men and one woman. Who they were, and what their occupation, could not be gathered when inquiries were made yesterday.

With the exception of the two ground floors which suffered some damage from water, the destruction was complete. The occupants must have lost most, if not all, their belongings. The rear parts of 289 and 291, Queen's Road West, were badly scorched. The extent of the damage has not been assessed.

So far as could be gathered on the  
*Lung Shan* yesterday, by our representative,  
everything seemed very quiet at  
Canton, but, of course, no one with the  
exception of passengers left the steamer  
to go ashore. So far as the *Lung Shan*  
and its officers were concerned the trip  
was an uneventful one.

At the same time, as one of those on board put it, the voyage was quite satisfactory and everyone concerned appeared to be very well pleased with the result of the trip.

The vessels on Saturday took up to 71 Chinese passengers and about fifty Europeans and other passengers, including many Japanese. Yesterday the *Lung Shan* brought down to Hongkong no fewer than 223 Chinese passengers and 33 passengers of European and other nationalities.

In addition between fifty and sixty baskets of poultry and vegetables were brought down.

This morning the *Fatshan* (China Navigation Company) makes the trip to Canton and to-morrow the *Lung Shan* will go up and the *Fatshan* return.

HONGKONG JOCKEY CLUB.  
WINDING UP GALLOPS FOR  
ANNUAL MEETING.

## SELECTIONS FOR TO-DAY.

[BY ARGUS.]

There was a large gathering at Happy Valley race-course on Saturday morning to witness the final gallops preparatory to the annual meeting, which commences at noon to-day. In consequence of having to await the arrival of Mr. B. D. F. Beith and Mr. W. Lemarchand, who reached here by the *Empress of Asia* at 8 a.m. to witness their horses at work, it was close on 11 o'clock before work was concluded.

The grass course was not available, but some useful times were registered on the cinder track. Among the ponies clocked were:—

Sandpiper (Mr. McBain) covered 4 furlongs in 1.04, last quarter 31.

The foregoing include the chief gallops up to 8 a.m.

## LATER PERFORMANCES.

After the arrival of Mr. Beith and Mr. Lemarchand, the following work was done by ponies in the Jardine stables:—

Rothsay (Lt.-Cdr. Thompson) 6 furlongs in 35.3-5; 1.10.3-5; 1.42, last quarter 31.2-5.

Brigade Call (Mr. Maitland) 1 mile in 37.2-5; 1.13; 1.47; 2.19.2-5, last quarter 32.2-5.

Grey Knight (Mr. Maitland) 1 mile in 26.1-5; 1.10.1-5; 1.44; 2.16.3-5, last quarter 32.3-5.

Grey Morn (Lt.-Cdr. Thompson) 1 mile in 30.2-5; 1.11.3-5; 1.44.3-5; 2.13.3-5, last quarter 31.

Loch Rannoch (Lt.-Cdr. Thompson) 6 furlongs in 34.4-5; 1.08.2-5; 1.30.2-5, last quarter 31.

Local Option (Mr. Maitland) 1 mile in 33.3-5; 1.06.1-5; 1.37.1-5; 2.08.3-5, last quarter 31.2-5.

Hailsham (Boy) 6 furlongs in 36.1-5; 1.10; 1.42.2-5, last quarter 32.3-5.

Total Abstinence (Lt.-Cdr. Thompson) 1 mile in 34.1-5; 1.09; 1.42.1-5; 2.13, last quarter 30.4-5.

Blotting Paper (Lt.-Cdr. Thompson) and Fireworks (Mr. Maitland) went 1 mile in 41; 1.14.4-5; 1.52.4-5; 2.23.3-5, last quarter 31.4-5.

Grey Steel (Mr. Maitland) and Recharge (Lt.-Cdr. Thompson) started together from the 6 furlong post, but the latter was soon left behind. The former's time was 39.4-5; 1.10.2-5; 1.42.

## PROGRAMME FOR TO-DAY.

The programme opens to-day with the Wong Nei Cheong Stakes (half a mile) for which the following may go to the post: Conquistador, Home Call, Barley Grass, Blue Grass, The Sandpiper, Sagacity, Wakena, Recharge, King's Favourite, The Gowk, Formidable, Racehorse, Black Mouse, Korand, Mermaid, Dragon River, Lotus River, Shere Khan, II. Blue Monday, Tutta, Header, Inkpot.

In plumping for the winner, I must pick The Sandpiper despite a poor performance on Saturday. Shere Khan and Sagacity may be good place investments.

For the Maidens (6 furlongs), I anticipate Glorious Dahlia (Mr. McBain) will have a comparatively easy victory, unless opposition comes from the Teeg and Priestley string. The field may also include Daisy Dahlia (Mr. Moller), Bay of Bellingham (Mr. Dallas), Lady Love (Mr. Haimovitch), Brigade Call (Mr. Pollock), Grey Steel (Lt.-Cdr. Thompson). At any rate I shall stand pat on Glorious Dahlia.

The Victoria Stakes (1 mile) may attract Saligia (Mr. Pollock), September (Mr. Dupree), Folly (Mr. Sokoloff), Blotting Paper or Grey Morn (Lt.-Cdr. Thompson).

I must pin my faith to Saligia.

For the winner of the Valleys one need look no further than Total Abstinence (Lt.-Cdr. Thompson). It is probable that Dobbin (Mr. Haimovitch) and one of the Dunbar string will fill the places.

The Foochow Cup should attract more runners. I expect the following will go to the post: Grey Knight (Mr. Maitland), Sunburst Rose (Mr. McBain), Tacoma (Mr. Dallas), Grey Morn (Lt.-Cdr. Thompson), The Regent (Mr. Dupree), Beacon Dahlia (Mr. Moller), Beldorney Star (Mr. Stanton), Bundoran (Mr. Brodie), Golden Chrysanthemum (Mr. Doyle), Kagoshima (Mr. Sokoloff).

The last named won this Cup last year, but I do not expect he will repeat the performance to-day. In fact, I shall be surprised if he is in the first three provided Grey Morn, Sunburst Rose and Grey Knight are all sent to the post.

I shall depend upon Pretty Polly for the Trial Plate with one of the Dahlias and the mount of Mr. Dallas for places. A small field is indicated.

For the Garrison Cup Loch Rannoch (Lt.-Cdr. Thompson), on paper will appeal to most people, but should Invader and Golden Pheasant go to the post I expect both of them to beat Messrs. Dyer and Beith's grey.

The Charter Cup may appeal to Rothsay (Lt.-Cdr. Thompson), Wimmera (Mr. Dallas), Spotted Sand (Mr. Haimovitch), and possibly The Critic (Mr. Beith) in addition to Grey Streak and Saracen, but the field is unlikely to be large. If Wimmera is ever to win a race, here is his opportunity.

With Local Option as a probable starter in the Jockey Club Stakes, I shall look no further for the winner.

I expect the Racing Stakes will attract a field well above the average. The distance should suit Lady Love, King of Troy and Boston among others, not to mention Saucy Sue (if not sent out earlier in the day). In an attempt to find the winner, I shall couple Saucy Sue and Lady Love with King of Troy as a good place investment.

The final event is the Kalgan Plate (7 furlongs). Unless Saligia is reserved for this, I expect the race to fall to Saracen (Mr. Dupree), unless he is started in the Charter Cup.

HONGKONG, MARCH 1st, 1926.

## THE BANK MEETING.

HONGKONG & SHANGHAI BANK shares have long been regarded as gilt-edged security, and though their value in the market has suffered some decline in the past half year owing to the protracted political agitations which have seriously interrupted business and weakened confidence in China among the investing public throughout the world, it is very gratifying to learn from the Chairman's speech at the annual meeting of shareholders on Saturday, and from the evidence of the balance sheet itself, that the earning power of the Bank has not been materially affected. While the Bank has not come through the year without losses, the increase in assets and liabilities shows that "in spite of difficult times, the Bank's business continued to expand."

The picture drawn of these "difficult times" in the Chairman's speech is certainly a very depressing one for the world to view. It is one of "not merely local interest. There is no need at this date to emphasise the fact that the views regarding conditions in China expressed by a great Banking institution like the Hongkong & Shanghai Bank, whose main field of operation is China, are studied with the closest attention, in all the business and financial centres of the world. But for the benefit of the people of China it does require to be constantly emphasised and impressed upon them that the chaotic conditions prevailing in the country so detrimentally affecting the trade and welfare of the people are having a most serious effect abroad on the minds of the people to whom China, if she is to develop and progress, must look for material help." The statement that "China can only retrieve her fast-vanishing credit, and regain the reputation for financial integrity, which has been hers in the past, if she takes her debts in hand, and ceases from the neglect of her foreign obligations, which has marked the last few years," is a statement that cannot be lightly regarded. Nor can the further statement that "the internal state of China at present fails to provide the most ordinary guarantees of order, justice and safety of person and property."

Unfortunately, it is very difficult indeed to discern, at the present time, any signs of early improvement, though in the widespread dissatisfaction which exists among the Chinese people with the prevailing conditions there surely must be some hope that the new spirit of Nationalism which has been captured and perverted by Bolshevik propaganda and money, will presently come under a wiser leadership which will direct the full force of its activities upon the very obvious root causes of the trouble, and so hasten the time, in the only way possible, when China will occupy in the economic world the commanding position to which her vast potential resources would entitle her. That position is never likely to be occupied while China remains under the present military despotisms which keep the country in a constant state of turmoil, and by plundering the national revenues, and playing havoc with its railways serve not merely to check progress and development, but are rapidly destroying all the foundations of future development which have been so laboriously built up in the past twenty years.

We cannot conclude these few comments without drawing attention to the reference made in the Chairman's speech to the rupture of the old friendly relations between this Colony and Canton. While what is said in the speech on that subject reflects views and opinions which are commonly shared in the Colony, it is gratifying to read the expression of opinion by the Chairman of the Bank that the Colony has not suffered any permanent injury and that, having no doubt as to the outcome of the present estrangement he confidently anticipates a return to more or less prosperous conditions, when once the tide takes a turn. We can only add to this an expression of hope that the turn of the tide will not be long delayed now that recent events have evidently impressed upon the mischievous elements at Canton the great folly of the course they have been pursuing.

The name of Dr. F. R. Ashton has been added to the local register of medical practitioners.

According to the old Chinese calendar, Saturday was the Feast of Lanterns (*Shang Yuan Chieh*).

Soon after the s.s. *Sui An* had left its wharf at Macao on Friday morning, a Chinese steamer passenger committed suicide by throwing himself into the harbour.

A sitting of the Bankruptcy Court which should have been held on Saturday, was postponed for two weeks, owing to the Official Receiver, Mr. E. L. Agassiz, being indisposed.

Another of the periodical dances held during the season at the Craigflower Cricket Club, took place on Saturday night. As usual, there was a large and gay company present and dancing was continued until a late hour.

The Chinese youth, who was remanded at the Central Magistracy on Thursday on a charge of the theft of \$1,115, was sentenced to six months' imprisonment with hard labour by Mr. R. E. Lindsell, on Saturday. He had induced his fiancée to steal the money for him from her foster-mother's cash-box.

Mr. Rodney Gilbert, in a cable from Peking to the *N.C. Daily News* last week said:—"There is a persistent rumour here, the source of which, however, cannot be traced, that Mr. Miles Lampson has been gazetted to succeed Sir Ronald Macleay as British Minister to Peking." Mr. Miles Wedderburn Lampson, O.M.G., M.V.O., Counsellor in the Foreign Office, entered the Foreign Office in 1903, and in 1906 acted as secretary to the Garfield Mission to Japan. From 1908 until 1910 he was Acting 2nd Secretary to the British Embassy at Tokyo, was in Sofia in 1911, and in 1916 came to Peking as Acting 1st Secretary to the British Legation.

Whilst Miss Xavier, of Humphrey's Buildings, Kowloon, was walking in Ico House Street, near Cnd Wiseman yesterday evening, a Chinese snatched her handbag containing \$50, and made off with it. He was chased by an Indian constable and caught near Blake Pier. The bag and money were recovered and returned to the owner.

Polling takes place to-day for the election of the Shanghai Municipal Council. The candidates are Messrs. A. D. Bell, H. Lovett Cumming, S. Fessenden, W. P. Lambe, E. Gordon Lowder, V. G. Lyman, N. C. Macgregor, E. B. Macnaghten, P. W. Massey, W. R. B. McBain, J. J. Paterson, H. B. Roe, S. Sakuragi.

Sir Francis Aglen, Inspector-General of the Chinese Maritime Customs, was entertained at dinner at Shanghai last week by the Bank of China and the Bank of Communications. Mr. Yu Ya Ching, chairman of the Chinese General Chamber of Commerce, and Mr. F. W. Maze, the Commissioner of Customs, were the other two guests.

The death occurred at his residence, No. 9, Ashley Road, Kowloon, yesterday afternoon, of Mr. Leung Kam Lun, the assistant compradore of the Hongkong & Kowloon Wharf & Godown Company, and a well-known member of the local Chinese community. The deceased, who was 55 years of age, had been in Hongkong all his life, and had been with the Wharf & Godown Company for 34 years. He leaves a widow, a son and two daughters. The funeral will take place on Tuesday.

## "IF."

## APPROACHING A.D.C. PRODUCTION.

As may have been gathered by readers of the local Press, the Play "IF" is what may be termed a Fantasy.  
Opening in a London railway station, John Beal is seen approaching the platform to catch his train. He is prevented from doing so by the porters and consequently misses the train. This is a trivial incident that rankles in his mind, never being forgotten.

The scene now passes to a period 10 years later. John Beal now appears as a prosperous City merchant, married and with a house in the suburbs. In to this scene is ushered Ali, a dealer in carpets whom John Beal has assisted. He has appeared to thank his benefactor in person and to make him a small present as a token of his gratitude. This present takes the form of a Jade pendant, possessing the magical power of transporting its owner back in time over a number of years to any particular incident desired. The one qualification attached to the free use of this power is that, if the person concerned in some particular incident wishes to go back in time to this incident, to take some action other than that he took previously, he must be prepared to accept all the consequences of this change.

John Beal laughs at this and says that in any case, even if he could go back and alter things, he would not—his wife was present be it noted—careful man! All the same there was just one trivial incident he had never forgotten, which was that he had been prevented from catching that train 10 years previously. That had always been a sore point, and just for a joke he would test that magic power and see if it would enable him to go back and catch it this time. He takes the charm in his hand, wishes himself back to that incident—and in the next scene appears walking on to the platform and catching the train.

More than this of the story of the play it would not be fair to relate, but the working out of the plot, showing the consequences that follow from John Beal catching his train, gives full scope to the ingenuity of the author. In carrying out the Author's ideas, the Producer has succeeded in putting the play on the stage in a manner that will certainly surprise the Jeremiahs who mournfully declaim that the Art of producing plays in Hongkong is dead, never to be revived. He is wonderfully backed by as talented a company of Amateurs as many a place larger than Hongkong would be proud to have in its midst. Mention must certainly be made also, of those whose skill and enthusiasm have produced such wonderful settings for the scenes laid in the Deserts of Persia.

This latest effort of the Hongkong A.D.C. is a worthy gesture of defiance to all those who bemoan that Hongkong is "finished." An Amateur Dramatic Company that is so little concerned by passing events as to refuse to curtail its ambition or to lower its high standards is deserving of all support.

It is a notable fact that great interest has been aroused amongst our Chinese fellow-citizens in this coming production, and it is expected that they will be present in large numbers. It but remains now for the whole Community to show its appreciation of the labours of the A.D.C. by giving them their whole-hearted support at the Theatre Royal, to-morrow night and through the week.

IMPERIAL CONFERENCE.  
OPPORTUNITY FOR AN EMPIRE STOCKTAKING.

RUGBY, February 26th.

The newspapers anticipate that the October meeting of the Imperial Conference will afford an opportunity for a more than usually comprehensive Empire stocktaking. It is stated that one of the many subjects that will come under review will be that of providing means whereby closer consultation between the Imperial and Dominion Governments on foreign affairs may be secured.

## GRECIAN AIR ARM.

TO BE RE-ORGANISED BY BRITISH EXPERT.

RUGBY, February 26th.

Colonel the Master of Semphill has arrived in Athens to undertake the task, it is stated, of reorganising the Greek Air Force. He is well-known not only as a pilot, but also as an aircraft expert. Recently, in extremely bad weather, he flew a light aeroplane from London to Dublin and back. He was the head of the mission which went to Japan to reorganise and train the Naval Air Service of that country, and for his work he received high Japanese honours. In the reconstitution of the Greek Air Force, British engines are to be introduced, notably the Napier Lion of 450 horse-power, which is now used extensively in the British Air Force, and with which was equipped the machine flown by Major Franco, the Spanish pilot, on his flight across the Atlantic to South America.

## BRITISH FILMS.

CENTRAL NATIONAL STUDIO AT BRIGHTON.

RUGBY, February 26th.

It is generally accepted that the Board of Trade is favourable to the project for a Central National Film studio at Brighton. There is no difficulty, it is understood, about the capital required, which is £200,000. It is proposed that part of this should be guaranteed under the Trade Facilities Act.

Mr. Beddington Behrens, who is the moving spirit in the scheme, expects that the studio will be ready this summer. The Corporation of Brighton is co-operating in a liberal spirit. It is hoped to build up a British technique and film tradition equal to anything in the world.

## BRITISH NATIONAL DEBT.

RUGBY, February 26th.

The Committee on National Debt and Taxation under the chairmanship of Lord Colwyn, which was appointed two years ago, completed the taking of evidence in December and is now engaged in drawing up a comprehensive report.

## NAVAL ESTIMATES.

REDUCTIONS DUE TO ADMIRALTY ECONOMIES.

LONDON, February 27th.

The Naval estimates for 1926 amount to £58,100,000, a reduction of £2,400,000 in comparison with the current year, although provision for new construction is increased from £7,235,000 to £9,083,000. Provision is made to carry on the new construction programme submitted to Parliament in July, 1925. It was originally intended that the floating dock for Singapore including in this programme should be provided by reconstruction from the German dock but experience has shown that this is impracticable.

Therefore, the new dock ordering but changes and not increases the cost of the new construction for 1926. Though the new dock will be costlier than reconstruction from the German dock at present, it is indicated that the total cost of the new construction programme will be less than previously estimated.

The reduction of the total estimates is due to Admiralty economies. £2,000 is due to the adoption of a settled programme for new construction over a period of years and the favourable aspect of the political horizon.

## DUTCH POLITICS.

THE HAGUE, February 26th.

Contrary to expectations, Mr. Limburg has informed the Queen that he is unable to form a non-Parliamentarian Cabinet, and has requested Her Majesty to relieve him of the task.

## STRIKING ENGINEERS.

"LOCK-OUT" NOTICES TO BE POSTED.

LONDON, February 26th.

The Engineering and Allied Employers' National Federation has decided to post lock-out notices on March 5th, to be operative on March 13th in all the federated establishments in consequence of a strike of a section of London engineers and labourers over wages and a refusal to work with non-unionists. The Engineering Union refuses to recognize the strikers' action.

## MAHARAJA'S CORONATION.

SCENES OF POMP AND SPLENDOR IN INDIA.

DELHI, February 26th.

There was a most brilliant and most impressive State procession through the streets of Jammu on the coronation of Hari Singh as the Maharaja of Jammu and Kashmir.

Thousands of spectators were enchanted by the magnificent display of colour in which gold pre-dominated. His Highness Hari Singh was clothed in robes of gold, his yellow turban flashing the priceless diamonds and historic State jewels. The robe was magnificent. His elephant was covered with gold trappings of most costly design and exquisite finish. The excited crowds constantly cheered His Highness as he passed amidst a glittering cavalcade of elephants, cavalry, artillery and infantry, other Ruling Princes and high officials. After the Priest had placed the sacred mark of coronation upon his forehead, His Highness Hari Singh seated himself on a golden throne placed over the stone which has been in the same position since the Kashmir Dynasty was founded. The throne was mounted on a large marble platform and placed on a rich gold and crimson carpet, with a canopy of the same material supported by golden posts. Notables then made their obeisances, offering gold coins on silk handkerchiefs.

The Maharaja made grants of land, conferred honours and issued a Proclamation announcing boons and concessions to his subjects.

The costumes of the Ruling Princes present were indescribably magnificent. The Maharaja of Patiala, for example, wore jewels worth about £200,000.

## MAHARAJA OF INDORE.

RESIGNS IN FAVOUR OF HIS SON.

BOMBAY, February 27th.

The Maharaja of Indore has abdicated in favour of his son.

The Government of India has accepted his abdication.

[The Maharaja of Indore made representations to the Viceroy of India suggesting that he spend two years in England] during which the administration of the State will be handed over to a Council of Regency approved by the Indian Government. The Maharaja, it is alleged, is prepared to compensate for the loss and damage caused to British subjects by natives of Indore and to hand over the Military and Police Department with a view to their reformation and administration by European officers approved by the Indian Government.]

DELHI, February 27th.

The official statement on the abdication of the Maharaja of Indore says the Maharaja objected to the appointment of a commission of enquiry into his alleged connection with the attempted abduction of the dancer Mumtaz Begum and the murder of the merchant Bawla, and decided to abdicate.

The Governor-General has accepted the abdication, and no further enquiry will now be made into the Maharaja's alleged connection with the murder.

## FRENCH CUSTOMS INCREASED.

TO COUNTERACT EFFECT OF DEPRECIATED CURRENCY.

PARIS, February 26th.

The Chamber's Customs Committee has approved of the Government proposal temporarily increasing the Customs duties on the minimum tariff by 30 per cent, with the object of counteracting the effect of depreciated currency and protecting French producers.

## FRENCH FINANCES.

PROVISIONAL CREDITS PASSED.

PARIS, February 27th.

Both houses have passed the provisional credits for March, amounting to some three milliard francs, necessitated owing to the delay in voting the Budget.

ENTIRE FINANCE BILL ADOPTED.

LATER.

Just after midnight the Senate adopted by 270 votes to 21, the entire Finance Bill, which now returns to the Chamber.

GOVERNMENT'S THANKLESS TASK.

LATER.

After the Senate had passed the financial proposals, M. Briand, in a speech, referred to the thankless task the Government had in searching for new sources of taxation. He deprecated the talk of catastrophe, and declared France would overcome her difficulties.

## DANISH AIRMEN.

TO FLY FROM COPENHAGEN TO JAPAN.

COPENHAGEN, February 27th.

The Danish Lieutenants, Botved and Herscherd, will leave on March 15th in two Fokker aeroplanes to fly to Tokyo via Germany, Poland, Roumania, Bulgaria, Turkey, Persia, Siam, Indo-China, and China.

## SYRIA AND MOROCCO.

FRENCH CHAMBER REDUCE CREDITS FOR OPERATIONS.

PARIS, February 26th.

In spite of M. Painlevé's opposition the Chamber, by 264 votes to 246, adopted a Socialist amendment reducing the credits for Syria and Morocco by a million francs with a view to terminating the operations there as soon as possible.

## THE LEAGUE CRISIS.

RIVAL DEMANDS OF POLAND AND GERMANY.

WARSAW, February 26th.

On the occasion of the first reading of the Bill ratifying the Locarno Pact, the Premier, Count Skrzynski, in a speech declared that for Poland the practical interpretation of the spirit of Article 4 of the Pact must mean her admission, simultaneously with Germany, to a permanent seat on the Council.

THREAT TO WITHDRAW.

BERLIN, February 26th.

Count Skrzynski's announcement is sharply criticised in the newspapers here and political circles are of opinion that the matter must now be settled at Geneva in March and cannot be allowed to rest until the September session of the League. It is asserted in all quarters that Dr. Luther and Dr. Stresemann will undoubtedly withdraw Germany's application for admission to the League if the Polish claims are admitted in March.

QUESTION TO MR. BALDWIN.

LONDON, February 26th.

The following question will be put to the Prime Minister, Mr. Stanley Baldwin, in the House of Commons on Monday:—"In view of the growing fear in the country that an attempt may be made at Geneva to effect extensive and permanent changes in the League of Nations' Council," what instructions are being given to the British delegate to the Geneva Assembly?

Sir Austen Chamberlain is discussing on Monday with the League parliamentary committee the proposed increase in the permanent seats of the Council.

LITHUANIA'S REQUEST.

GENEVA, February 27th.

Lithuania has requested the League's intervention in the alleged Polish violation of the frontier, notwithstanding the Polish delegate's denial of the Lithuanian allegations and the official Warsaw telegram describing the incident closed.

[A message from Warsaw on the 23rd inst., stated:—"A Lithuanian desire to annoy Poland on the eve of the League meeting at Geneva is advanced as the explanation of a frontier incident in which Lithuanian guards are alleged to have forcibly occupied a Polish forest. Shots were exchanged but without casualties. The Police have captured eight Lithuanians."]

THE SEED OF LOCARNO.

PARIS, February 26th.

Cheers from almost every bench in the Chamber greeted a peroration and impassioned speech by M. Briand, the Premier, in appealing for the ratification of the Locarno Treaty. He expressed confidence that the peace effort would be successful in all countries. The little Locarno seed, he said, was already beginning to germinate. If it was to be crushed he hoped that it would not be by the French foot. Mothers could now look on their children with the hope that they would not be victims of war. Locarno would have effect much if it achieved only that France and Germany had both proved their heroism and both had established magnificent centres of production. Was that all to be given over to fire and sword every 25 years?

His thunderous "No" elicited cheers from the entire House, which then adjourned.

SPAIN AND THE COUNCIL.

MADRID, February 27th.

General De Rivera, conversing with the Foreign Minister, expressed optimism following a report from the Spanish ambassador at Paris regarding Spain's chance of securing a permanent seat on the League of Nations' Council "owing to the favourable attitude of the majority of the members of the Council." He added that Spain was determined to persevere in her efforts to that end.

FRANCO-BRITISH ENTENTE ESSENTIAL.

PARIS, February 27th.

The importance that France attaches to united British Empire foreign policy was illustrated in the Chamber at the third day's debate on the Locarno Treaty when M. Marin voiced the rightist opposition to ratification.

From the military standpoint he questioned the effectiveness of the guarantee of intervention in the case of conflict, and urged that one weakness was the fact that the British Dominions were not bound by the pact, and said that a Franco-British Entente was necessary to civilisation.

The debate was adjourned.

## FRENCH IN SYRIA.

HEAVY LOSSES SUFFERED BY THE REBELS.

BEIRUT, February 26th.

Attempts to bring about a rebellion in Northern Syria have failed entirely.

French troops continued the offensive which started on the 24th inst. on the slopes of Hermon, where the joint action of three columns scattered the enemy, who suffered heavy losses.

## THE STEAMER "BOLTON."

AMSTERDAM, February 27th.

The s.s. Bolton has arrived here. The fire is definitely extinguished, but the extent of the damage to the cargo is not yet ascertained. The vessel does not appear to be badly damaged.

## WORLD REVOLUTION.

ZINOVIEFF STILL HOPEFUL OF THE BALKANS.

RIGA, February 26th.

The Bolsheviks are apparently by no way discouraged at the failure of their attempts to provoke revolutions in Germany, Bulgaria and Rumania, according to Zinovieff, who addressing the Sixth Congress of the Communist International at Moscow, said that although the situation in the Balkans was apparently stabilised, he still hoped to regard them as a source of pregnant sudden happenings which might be fatal to capitalism.

Europe held the first place in the International's plans for a world revolution, the East was second and America third.

## BOMBAY SCANDAL.

CORPORATION AND THE RECLAMATION SCHEME.

BOMBAY, February 26th.

The Municipal Corporation has unanimously resolved to demand the immediate appointment of an independent body to enquire into the financial and technical aspects of the reclamation scheme, and the liability of those responsible for the position of affairs disclosed.

The resolution urges that no final decisions be taken, even as regards the proposed modified scheme, without examination by such body, and also recommend that the Advisory Committee be transformed into an Executive Committee and empowered to control the activities of the Development Department at every stage.

## DEARER PETROL.

RUSSIA TO BECOME A COMPETITOR.

LONDON, February 26th.

An increase of a penny per gallon in petrol, costing users about £1,500,000 is attributed to the advance in the world market price in America.

Meantime the probability that Russia will become a competitor in the supply of petrol is expected. An ocean storage depot at Avonmouth, for Russian oil from the ports in the Black Sea will be ready in August.

This venture is criticised by a London oil company official, who says: "The Soviet Oil Trust is undercutting other oil companies because it does not need to pay taxes, royalties and rents."

The leading petrol distributors say that the price has advanced because the crude and refined products in the producing countries and tank steamer freights have increased.

## RUGBY.

IRELAND DEFEATS SCOTLAND AFTER EXCITING GAME.

EDINBURGH, February 27th.

In a rugby match at Edinburgh, after a very exciting game, Ireland beat Scotland by three points to nil.

There were many thrills in the opening minutes and enthusiasm was at fever pitch when the Scots attacked the whole line heading. Smith brought down Drysdale, the tackle being magnificent. Drysdale missed a penalty later, but atoned by repulsing the Irishmen with fine kicking. The Irishmen were pressed back by short touch-kicks, but that their forwards played a great game could not be denied.

Hewitt had an easy chance, but held on too long, and the game veered round in the Irishmen's favour, though there was no score up to the interval. There was a terrific struggle, the packs proceeding to mid-field.

On resuming Ireland launched a great attack, and the Scottish line had at least two lucky escapes. The Irish full-back, Crawford, was injured and the game interrupted. When it was resumed Ireland's defence had to touch down. Both backs played a magnificent game.

The Scottish half, Waddell, was knocked almost senseless in a collision with Brownie on the Scottish line. A "drop-out" relieved the Irish pressure, but a minute from time Gags scored a dramatic try. Stephenson failed to convert. When the whistle blew the score was: Ireland, 1 try (3 points); Scotland, nil.

ENGLAND BEAT FRANCE.

TRICKENHAM, February 27th.

The weather was dull at Trickenham for the match between England and France. There were 40,000 spectators, including H.M. the King. The ground was in splendid condition, and the match resulted in a win for England over the Frenchmen by 11 points to nil.

There was tremendous cheering on the King's arrival shortly before three o'clock. He shook hands with the lined up teams.

England gained possession in the first scrum, but for a time France attacked strongly, then the Englishmen pressed, and from a tussle near the French line Aslett scored a try. Francis failed to convert.

Young played a great game at the base of the scrum, and started a good movement, the ball going to Kittermaster and Devitt. The latter gave an inside pass to Aslett who crossed the line. Holiday from a difficult position, failed to convert.

At half-time the score was: England, two tries (8 points) France, nil.

On the resumption danger threatened the French line for a long while, but putting eight men into the scrum, instead of seven, which number they tried a long time prior to the interval, France obtained possession more frequently, but their backs kicked too much.

After twenty minutes' play Kittermaster secured a try and Francis converted. Play slackened in the closing stages, but England were rarely in danger.

Final: England, 1 goal, 2 tries (11 points); France, nil.

## INTERNATIONAL FOOTBALL.

SCOTLAND DEFEAT IRELAND.

GLASGOW, February 27th.

At Ibrox Park, Glasgow, in fine weather, after morning rain, and on heavy ground, 25,000 spectators saw Scotland defeat Ireland by four goals to nil.

After thirteen minutes' play Gallacher, the Scottish centre-forward scored following a crosspass from Cunningham. Gallacher almost scored a few minutes later, but slipped when shooting. The Irish backs were very safe.

Six minutes from the interval Cunningham received from McDougall, and scored with a left-foot drive from the penalty line.

Half-time: Scotland, 2; Ireland, 0.

The Scottish goal had a narrow escape immediately after the resumption, and then the Scottish forwards, whose superiority chiefly lay in better combination, made some lively attacks. After fifteen minutes' Gallacher netted, and six minutes later he was again successful in setting.

It was a pleasant game, but never great, for which the weather conditions were chiefly responsible.

Final: Scotland, 4; Ireland, 0.

## CHINA AND THE LEAGUE COUNCIL.

STATEMENT BY MR. CHAO HSIN CHU.

LONDON, February 26th.

A statement of China's attitude towards the enlargement of the League Council was made by Mr. Chao Hsin Chu in a farewell speech at the Press Club prior to his departure to assume the post of Minister to Rome. He said he had received instructions to go to Geneva to claim a permanent seat, but if there was merely the admittance of Germany to be considered China did not wish to spoil the harmony of the gathering and was willing to withdraw her claim, provided her position and privileges were equitably recognised at the next election of non permanent members of the Council.

## SHIPPING NOTES.

The Master of the s.s. Van Overstraten reported to the Harbour Office yesterday the death of a passenger during the voyage from Singapore.

The Master of the s.s. Amrum (Dutch) from Miri reported to the Harbour Office on Saturday that a derelict junk dangerous to navigation, was passed on the 26th instant, the position having been previously reported to Hongkong by wireless.

Notice has been given by the Canton Harbour Office that, owing to a breakdown of mechanism, the fog-gun at Sampanshow lighthouse is out of commission. Pending repairs, a bell will be sounded at intervals of two minutes during fog or thick weather. The bell being of small size, mariners are warned to navigate the vicinity with caution.

Deck passengers entered for the twenty four hours ended at 9 a.m. on Saturday totalled 1,354, the largest entry being 601 and the next best 445.

Of the cargo entered for Hongkong on Saturday, 2,427 tons were carried by British vessels, the largest entry being 1,260 tons by a British steamer. Cargo for ports beyond, again showed fairly heavy entries, the largest being 9,005 tons and the next 5,300 tons. Of yesterday's cargo for Hongkong, 1,969 tons consisted of oil.
